CITY COUNCIL MEETS.

The Question of Settling the Sewer Case Comes Up.

THE COUNCIL DEFERS ITS ACTION.

The City's Pinances-The Hayor Says Expenses Tust Be Kept Within 89,000 a Month-Other Matters.

There was a meeting of the city couneil last night. Councilmen Holman, Fellows and Fulton were absent.

City Clerk McFadden reported that he had not yet advertised for bids for the \$5,232.50 of sewer district No. 16 bonds, but that he had a buyer for the bonds at par with accrued interest. He was instructed by a unanimous vote to sell structed by a unanimous vote to sell A resolution was passed that no more them without advertising. The buyer is sidewalks under the Ritchie contract be the Central National bank of this city.

The committee on fluence reported the tax levy for the ensuing year as follows: General revenue fund, 6 mills; general improvement fund, 6 mills; water supply fund, 1 6-10 mills; library fund 5-10 mills; judgment fund, 5.10 mills; enty's proportion of paving funds, 3 5-20 mills; city's proportion of interest on paving bunds, 1 1-20 mills; bonds, 1 1-20 mills; paving Capitol square, 7-21 of 1 mil; interest on the same, 2-20 of 1 mill; principal and interest for paving and sewers at city buildings, parks and the postoffice building,

Councilman Ettlingerinquired if there was any change in the levy from that of last year and upon being tool that the general improvement levy was raised from 5 to 6 mile, promptly meved to re-

duce it to 5 mills

Councilman Bradford said: "The levy for the general improvement fund last year was 5 mills and as there is no levy for a sousing famil to pay the bonds amounting to over \$1,000 which fall due next year we will meet a defleit there unless some arrangement is made to re-fund the bonds if we cut off that one mili it reduces the levy \$3,500 and while I do not want to see taxes made any higner and I feel that this is a bad time to merease the levy still we must face the fact that we will experience the hardest year in the history of Topek t. If we have a fund to drop back on o feed the poor, if necessary, it will be a good thing. We are now \$45,000 or \$50,000 short and I do not think we should reduce he levy."

Councilmso Stephenson-"I think that this is the time fac retrenchment. If we are \$25,000 snort now, how will it be in 1880? We will flid ourselves worse off thus ever. I do not think this is the right way to accommize. We should reduce our exponses."

The Mayor-"We have not an actual deficit. The taxes were not paid." Councilman Bradford-"We will have

to meet that condition every year." The Mayor-"If we hand our expenses to \$9,020 a month we can get tarough with a 5-mill levy." The mayor then presented a communi-

cation on the condition of the city finan-

The vote on placing the levy for the general improvement fund back to five hands was then taken and resulted in its adoption by the following vote: Ayes- to the State Historical society, Patrison, Stevens, Stephenson, Ettlinger. Nays - Bradford, Burgess, Griggs.

City Attorney Tillotson said that it had always teen the custom for the city attorney to appeal any lawsuit decided against the city when in his judgment it was best to do so. "I do not feel however" said he, "that in the Decker, Mulhus & Berry sewer case I should use my own judgment alone when so much is at Bake and I will wait for instruction from the council. If the judgment is affirmed by the supreme court it would cost the city \$10 a day interest instead of \$15. 1 have consumed Mr. Isenhart about the cust of a case made and he says it will is bruised, but not hurt much. not cost more than \$500 to take the case

"We have a good case for appeal and I am satisfied that it will be reversed or and Kansas City, on Sunday. The run tract for the sewer was let. Then the how far an agent can bind the principal. Isased. I feel that if the case is appealed we can get a reduction of from \$20,000 to \$70,000 in the judgment.'

Connectman Stephenson thought that the mater al bills should be paid if it could be done without recognizing the rest of the independent

Councilman Braiford said that as all members of the council were not present the matter should be deterred and this was agreed to:

W. W. Smith petitioned the council to release lots 1268, 1210, 1272, 1274 and 1276 on Polk street from the require-ment to build new sidewalks, and the request was granted.

Dr. Henry W. Ruby asked for a street lamp at the corner of Kansas avenue and Twenty-Second street, and the request was referred to the committee on lights. Tim Donovan and nine others asked

that a sidewalk be built on the east side or Madison street, between First and Second street, and the request was granted. John L Guy presented a communica-tion stating that Hennett's private sewer Is still "in a state of unhealthy activity." A resolution ordering the street commissioner to abate the sewer as a nuisauce, was adopted at the last session of the council, and the communication was re-

ferred to that official. The city engineer presented a com-

council to the Sixth street visduct, and called A TRAITOR. and he says the formation of a new party is already under way.

Captain Way Commander of the G. A.

Captain Way Commander of the G. A. ordered plank to repair the vinduct. city engineer was instructed to look after the repairs on behalf of the city.

J. B. McAfee presented a communica-tion stating that the city had siready exrended \$1,000 in prospecting for coal two miles west of the city, and asked that before any more money is expended for that purpose, the place be examined. The communication was referred to the ways and means committee.

S. C. Nichols presented a protest against the building of sidewalks on the east side of Chandler street, between Third and Fourth streets. The protest was placed on file, and no action will be taken on it as the street has been graded

for the walk. J. M. Bair and forty-seven others asked that a watering trough be placed at the street, and the request was granted.

ney to take such steps as are necessary to determine the width of First street east of Hancock street was adopted. The council adjourned sine die.

FOR SELLING LIQUOR.

Mr. and Mrs. Chas. Clements are Again in the Tolls.

Deputy Sheriff Tom Wilkerson put a revolver in one pocket and a warrant in the other last night and Deputy Sheriff Dan Jones buckled on the breast-place of enforcement of the liquor law and followed close behind. They went up Crane street to Boode's flats where Mr. and Mrs. Charles Clements have been retailing bad brands of tremens encourager.

Mrs. Clements is large and her hu-band is small. She did all the talking and said they didn't have any liquor on the premises except for their own use. She added she was getting tired of being arrested for selling liquor and also that the prosecutions of her and her husband were outrageous.

The officers went through the house and found a barrel of beer and fifteen Lottles besides. Mr. and Mrs. Clements were locked up in the county jail. The Clements people have been arrested re-peatedly in the last eighteen months and hey seem to be the most confirmed of buswnee's offenders.

A SHORT HAUL.

Mighty Little to Amuse Judge Ensminger in Court This Morning.

It didn't take very long to dispose of what police court business there was on

hand this morning.

The case of Scott Bros, who have been arrested again charged with peddling ice cream without the proper permission from the city came up and was continued till Thursday morning. It will be remem-bered that this case is a new one the old one having been discharged last week on a technical error in the warrant. It is proposed to make this a test case of the new city license ordinance. J. H. Collier
